Candidate release
model · prompt · tools · policy
Pinned baseline
manifest + prior results
Immutable dataset
cases + slices + provenance
Evaluation orchestrator
seeds · environments · budget
Deterministic checks
schema · auth · budget · effects
Trajectory checks
tools · order · evidence · handoff
Calibrated quality
judge + human labels + uncertainty
Slice comparison
risk · region · task · tenant
Risk-tier release gate
protected invariants first
Future regression
Residual risk
Pass
Waiver required
owner + expiry + evidence
Fail
Approved + expires
Denied
Promote to canary
ReleaseManifest + rollback
Block release
regression or invariant failure
